

Wait Times | Hip Replacement

Time from Referral to First Clinician Appointment (Wait 1)

Reporting Period: May 2022

Results returned are based on hospitals reporting completed surgical volumes using your search criteria entered.

Note: Please check travel times before starting your trip. Distances are measured in a straight line and may not reflect the best travel route.

Patients with emergency conditions (Priority 1) are seen immediately and are not included in wait times data. Priority levels 2, 3, and 4 and target times are set by surgeons, specialists, and health care administrators, based on clinical evidence, to guide treatment decisions and improve patient access and outcomes.

Priority 4 Patients

Patients who should be treated within a target time of **182 Days**

Priority 3 Patients

Patients who should be treated within a target time of **90 Days**

Priority 2 Patients

Patients who should be treated within a target time of **30 Days**
